Looking for Opportunities in Finance and Analytics | Madras School of Economics | Symbiosis College of Arts & Commerce
Pathanamthitta

Summary

A graduate specialized in Research, Business Analytics and Banking, my interests lie in the areas of banking, data analytics and International Relations.

Experience

TVS Credit Services Ltd.

Data Analyst Intern

May 2019 - July 2019 (3 months)

Chennai Area, India

Worked on the project "Consumer Durable Loan Collection Analysis" in which statistical models like regression were used to study the pattern of the consumer durable business of TVS Credit Services. Used Statistical tool R extensively for data cleaning and analysis while SQL was used for extracting data from the server.
