Summary

I am an Aspiring Entrepreneur and founded my First Internet startup
"condor360", which is an exclusive platform for Data Enthusiasts to
post their questions in the field of Analytics, Machine Learning, Deep
Learning, AI etc.
Answers will be provided by verified experts. You can earn
badges ,rewards and many more.

To visit , click on to https://condor360.net/

I work as a Data Scientist in Wipro exploring myself on Machine
learning, Deep learning and AI. Currently I work on developing a
NLP bot which uses DL to classify sentences.

I do teaching and conduct webinars as well. Feel free to get in touch
for any webinars or tutorials.

I post an article everyday on these topics for others to learn and
grow.

Experience

Wipro Limited
5 years 3 months

Data Scientist
February 2020 - Present (7 months)
Bengaluru, Karnataka

Currently working on developing a BOT which classifies the Data to its
respective classes based on its input using Deep Learning.

Technical HR
June 2019 - January 2020 (8 months)
Kochi, Kerala

Was a part of Technical Campus Hiring team recruiting students who were good with their Technical and Logical skills.

Storage Backup Administrator
June 2015 - May 2019 (4 years)
Mysore, Karnataka

Was a part of Backup team managing in and around 17 clients across the Globe. Client data was encrypted using Backup applications and taken as safe backup into Disks, tapes and clouds and restored back whenever required.
